

Renal Dialysis on the Gold Coast

Making your holiday...first class all the way

Patient information

JOHN FLYNN
PRIVATE HOSPITAL

The John Flynn Renal Dialysis unit is a 15 chair unit, providing comprehensive haemodialysis treatment for private, DVA, and uninsured clients from all over Australia and overseas.

The John Flynn Private Hospital is located on Inland Drive, Tugun, and just minutes from beaches, major tourist centres and the Gold Coast airport.

The Gold Coast is a favourite holiday destination catering to many different ages and tastes. World famous beaches and miles of clean, unspoilt waterways offer endless enjoyment all year round.

First class golf courses, restaurants and shopping centres feature throughout the Gold Coast and World Heritage rainforests are only a short drive away. Fabulous theme parks are an added attraction for families and the young at heart.

John Flynn Hospital has two Nephrology Consultants, Dr Troy Kay and Dr Krishnan Sankunni, who provide expert medical care for all patients. Supporting these Nephrologists is a team of highly specialised renal nurses who provide safe and comfortable dialysis in a relaxed and friendly environment. We have many holiday clients who enjoy returning on a regular basis.

Our service provides a great opportunity for clients to enjoy a wonderful holiday with the confidence of knowing that an experienced team is on hand to provide the best care possible.

The John Flynn Renal unit operates Monday to Saturday and is supported by 24hr emergency services.

Please be aware that advanced bookings are essential.

Patients who wish to make enquiries or book their next holiday, please contact the unit directly on
